Have you heard? The District 25 website, NEBridge.org, has a new WebMaster.

The New England Bridge website has renewed its dedication to providing timely, accurate, and interesting information about bridge in New England. Expect to find...

- A **lively home page** that features recent happenings of interest to the district's players.
- Detailed **results** of all regional events and STaC games as soon as they are available - frequently the following morning
- A **calendar** that shows all the sectional and regional events in New England.
- **Reports** from the District Director, the Executive Committee, the Board of Delegates, and special committees to keep players informed of changes enacted and proposed.
- Lists of the **top players** in the district and those who have recently achieved new ranks.
- Dozens of **links** to other bridge sites.

HELP!!! The new team has ideas about how to make the site even more lively and relevant, but the main concern is to learn what interests the players themselves. Any ideas sent to webmaster@NEBridge.org will be more than welcome. If you want to contribute something yourself, that will be even better.

OFFICIAL ACBL SLOW PLAY POLICY

If you are a habitually (or even occasionally) slow player, you should be aware of the ACBL regulations governing your conduct at the bridge table. These rules *will* be applied at this and future tournaments.

The ACBL Board of Directors approved unanimously a policy, based on references to slow play regulations in the Laws of Duplicate Bridge. Their motion read,

“When a pair has fallen behind, it is incumbent on them to make up the time lost as quickly as possible, *whether at fault or not*. All players are expected to make a concerted effort to catch up when they have fallen behind, regardless of the reason for their lateness.

“In the absence of compelling evidence to the contrary, the director should presume that a pair finishing a round late by more than two or three minutes on more than one occasion during a session is responsible for the lateness. There is a strong expectation that the director will penalize such a pair. The size of the penalty will tend to increase for subsequent instances of slow play and for chronic or egregious slow play. While warnings typically will be given before a penalty is assessed, failure to do so in no way limits the director’s authority to issue a penalty.”

Slow play, as opposed to careful or thoughtful play, is discourteous to your opponents -- and to all other competitors as well. Players and pairs who take more than their allotted time will be subject to penalty. And if you do fall behind, *even if through no fault of your own*, you nevertheless have a clear obligation to get caught up as soon as possible.
