

Vaccination Status at tournaments

As always, District 25 remains committed to providing an enjoyable, comfortable, and safe environment for all players. To that end, all players are required to provide their proof of vaccination before purchasing an entry. Upon your arrival, visit one of our easily recognizable verification stations, present your

COVID card,

copy of your card - or -

photo of the card on your phone.

Our volunteers will register your vaccination status **for the entire tournament**.
